Committed to Educating Tennesseans About Health Care Reform

Historic health care reform is a good thing for Tennesseans, but it's complicated. THCC'S mission in the coming months is to help cut through the complexity and reveal the benefits for Tennesseans and our state. We are relying on our supporters to help us in this effort by being trained to give THCC presentations to groups in communities across the state. To this end, we need to commit to one another in support of our shared values and shared responsibilites for advancing health care justice.

EDUCATION... INSPIRATION... MOVITATION... ACTIVATION!

THCC asks this commitment of you:
1. *Attend a 2-hour group training on how to make a THCC presentation;*
2. *Follow-up the training with 1:1 consultation with THCC staff;*
3. *Continue to improve your knowledge base;*
4. *Help THCC schedule at least 3 presentations in your area by the end of the year; and*
5. *Co-present to 2 groups in your area by the end of the year.*

THCC's commitment to you:
1. *Being there for you every step of the way – you are not "on your own," rather we are in this together;*
2. *Providing hand's on training and follow-up training;*
3. *Providing materials, information and other support;*
4. *Listening to your feedback; and*
5. *Continuing to work with you so that you can become a trusted expert on health care reform!*

If you are willing to work in partnership with us, please fill out the commitment form below & return it to THCC staff. THANK YOU!
